

BRAVO'S THOM FILICIA CELEBRATES BISCAYNE BEACH

Miami's top brokers celebrated the grand opening of Biscayne Beach, developed by Two Roads Development and GTIS Partners, in Miami's East Edgewater neighborhood. The 52-story tower redefines how Miamians live and play by bringing the beach to the city with resort-style amenities. Biscayne Beach marks the Miami debut for celebrity designer and former TV star (Bravo's *Queer Eye for the Straight Guy*) Thom Filicia as the brainchild behind the project's sophisticated 'beach chic' designs. Guests at the opening were treated to the sounds of DJ YSL and live entertainment by Patrick & The Swayzes while enjoying beach-themed cocktails and hors d'oeuvres.
