## 57-Story Elysee Is Now Officially Under Construction

By *TNM Staff* on December 14, 2017

The Elysee condo tower is now under construction and set to become the tallest building in Edgewater at 57 stories and 649 feet.

Yesterday, the developers held a groundbreaking ceremony to mark the official start of construction.

(There wasn't a scantily-clad saxophonist on a flyboard at the event, unlike the recent groundbreaking ceremony for nearby Missoni Baia.)

When completed in 2019, the condo tower will include 100 residences. Units are large with each taking at least half a floor, and prices start at \$1.5 million.

Arquitectonica designed the tower in a telescoping shape, with the top of the tower appearing larger than the bottom.
