

## Elysee Miami hosts meet and greet with designer Jean-Louis Deniot — 2.15.18

FEBRUARY 23, 2018

Hundreds of Miami's top brokers gathered at the Elysee Miami sales gallery in East Edgewater for an intimate cocktail reception and meet and greet celebrating the luxury project's world-renowned designer Jean-Louis Deniot. Over the last decade, the Parisian interior design architect has secured himself at the forefront of the international design scene. Now, he's bringing a slice of the French Mediterranean to Miami at Two Roads Development's Elysee tower for his first stand-alone condo design project in the U.S.

Now under construction along the shores of Biscayne Bay, the 57-story waterfront tower will be home to 100 half-floor and full-floor residences priced from about \$1.5 million to over \$10 million upon its completion in 2019. To learn more, visit [www.elyseemiami.com](http://www.elyseemiami.com).
